

Setting the Standard

Quantum's purpose built Q-MPV system is acknowledged by analysts as the only dedicated system for the Break Bulk Industry, and is built in collaboration and participation of users.

Q-MPV

Multi-Purpose, Projects, Vehicles, Container

"The Q-MPV is an innovative product that is evidently designed by people who know the business. Quantum has furthermore proven exceptionally well organized and professional by emphatically and proactively gaining understanding of our unique business niche and proposing sustainable innovative solutions thereby adding value and speed to the entire process"

Claus Bech

Line Manager, Shipcraft A/S

" Quantum significantly enhances our operating capabilities and our strategic and tactical decision making. Their systems have had a major impact on the quality and satisfaction of our customers receive and thereby reflects in our brand equity."

Walter Wildoer

Line Manager, Seatrade

"The solution presented by Quantum has been well received by our Group and users, and so were their innovative solutions to our business needs. We have also seen the ability to develop further applications for our needs."

Combi-Freight Transport

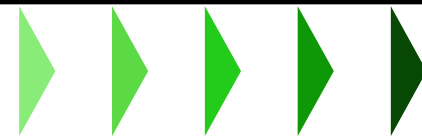

"Business Intelligence from Quantum adds multiple dimensions to the management of our business. We see very interesting solution prospects"

Atlantic Freight Logistics
